Hello sir my name is Kay lingle and I would like to report some vile behavior from one of your employees Chief Tracy Turner is posting white supremacist hateful right-wing propaganda on a local Facebook page called Hip Old Hickory.

I am sure the administrators of this page will be taking down this information shortly however I visited his personal page and he is a hate-filled supremacist vile human being.

I would like for you to investigate him, my house could burn down and I wouldn't let that man near me.

I've been in the Nashville Community for 28 years and it's my understanding that employees of the government as in the fire department and Metro Police Exedra are not allowed to post hate on social media.

Has a bigot a racist and frankly a frightening situation for all of you there that work with him and don't know what he's about.

You may call me at 615-626-7367

Bureau of Labor Statistics. James you should try doing a little research and quit listening and believing everything that Rachel Madcow dude tells you.

Everything you need to know about the Democrat Congress, was the way they reacted during the President's State of the Union speech.

I think you need to get with your physician and try to get those meds straighten out.

Democrats don't have a chance in the next election. Anyone with a brain cell left in their head knows the Dems have nothing to offer unless your an illegal immigrant.

These are just a few of his comments.

Good God fire this man.

Sincerely  
Kay Lingle
